Hi Greg,

I checked with team and my schedule. The week of November 7 is tough for us. Both Harry and I are only in the office on Monday and Tuesday, Harry until Noon.

Since we haven't seen anything, it's also hard to predict how long it may take to review it and be ready to have a discussion. Pending on when and what info we receive, we may be able to have an initial conversation on Monday, Nov 7 so we can keep that option open.

Thanks.
Angeles

Angeles and Gene,

I wanted to ask if, provided we are able to get you any proposed NDEP/ARC agreement language to you ahead of time, would EPA/BLM have time the week of November 7 to meet with NDEP and then with ARC regarding potential deferral. The goal of the meeting would be answer EPA and BLM questions about the proposed NDEP/ARC agreement and to help EPA and BLM determine if NPL deferral is viable and whether it is worth negotiating a deferral agreement.

At this point I anticipate presenting the language to EPA and BLM by 10/28 at the latest, although I think it will likely be sooner.

Preferred days are Monday November 7, 8 or 9 with 10 being least preferred.

I am sorry for the late notice but I just learned that Dave Emme won't be available between 11/14 and 11/28 and Veteran's Day Friday 11/11 is a holiday.

I am still organizing calendars but I wanted to get these dates in front of you to see if this was even possible.

Greg
